WATERPROOF TIMER

CDN expands its precision timer line with the Waterproof Timer (TMW1). Featuring a highly durable waterproof design and both audio and visual alerts, it counts up or down for up to 100 minutes in minutes and seconds.

The Waterproof Timer is also shatterproof, designed to meet the rigorous demands of the industrial environment. The timer withstands moisture and humidity, and it continues to function with accuracy if it becomes wet or is accidentally immersed in water. It comes with a display stand and magnet for easy attachment to appliances.

The large digital read-out lets the user view the timer from afar, and the loud alarm, the loudest CDN offers, enables the user to hear above noisy spaces. To ensure the alarm is heard, it sounds for 90 seconds, and a flashing red light further alerts the user that the proper time had elapsed.

FEATURES

- Counts up & down
- Waterproof (IPX4)
- Big digit
- Loud and long audio/visual alarm

SPECIFICATIONS

Measurement Range:	100 minutes by min/sec
Display Size:	2.0 W x 0.875 H (in)/ 5.1 W x 2.2 H (cm)
Power:	2 AAA batteries included
Weight:	3.5 oz/85.0 g
UPC:	0 18436 00301 4
Other:	• Shatterproof • Stop & restart • Last count recall • Counts up after zero • ABS plastic • 2-way mounting: magnet/stand
