NON-CONTACT FOREHEAD THERMOMETER

CDN's Non-Contact Forehead Thermometer uses infrared technology to measure forehead or surface temperature.

In addition to quick scanning of temperatures, this thermometer features a temperature alert and memory to recall up to 25 readings. Easy-to-use, it also offers a blue backlight for low light conditions.

FEATURES

- FDA, ISO 9001, ISO 13485, RoHS, ASTM E1965-98, EN ISO 80601-2-56
- 1-second response
- Temperature alert or silent
- Memory recalls 25 readings
- Backlit in blue
- One-button operation
